The best bits to get you started

Right now you are feeling pretty healthy but just because your healthcare needs are modest, it doesn't mean that you don't want the best quality healthcare and a plan that provides you with excellent value for money.

Level 1 Hospital & Level 1 Everyday give you access to excellent hospital care so that you have the reassurance of knowing that you will have the best quality care, should you ever need it.

Here's how Level 1 cover is a better choice for you:

Access to more local and national hospital and treatment centres than any other health insurer.

- A private room in a public hospital
- 75% cover in a semi-private room in a private hospital
- Full cover for all listed cardiac procedures in high-tech hospitals
- Full cover for all our listed day case procedures in public and private
- Cover for in-patient consultants fees
- Full scan cover in approved treatment centres for out patient PET-CT, MRI & CT scans

If you choose Level 1 Everyday, you also get the following additional day-to-day benefits:

Benefits	Amount covered per policy year
G.P. visits	Up to €30 per visit up to 25 visits
Dentist	Up to €30 per visit up to 25 visits
Physiotherapist	Up to €30 per visit up to 25 visits

The list of benefits available from your Aviva health plan is vast – you can check them out at your leisure on www.avivahealth.ie. But to give you a feel for what you can expect as an Aviva customer, have a look at just a selection of some of the expert and wide-ranging benefits that we offer you.

Nurse-on-call

When it's not an emergency but you'd still like the peace of mind of a professional opinion on the spot, you have access to our team of qualified nurses 24 hours a day, 365 days a year.

Overseas cover

If a surgical procedure that you need is not yet available in Ireland we will cover you for the same amount as we would in Ireland. All you have to do is get in touch with us and arrange for pre-authorisation.

A&E Abroad

From Marbella to China, there's no need to panic if anything happens to you while you're abroad. In the case of an accident or emergency, we will cover your in-patient costs up to €100,000. We'll direct you to the most appropriate facility – and even break the bad news to your boss if you can't make it back to work.

Scan cover

You are fully covered for any in-patient scans that you might need such as PET-CT, MRI and CT.

Stress-related and psychiatric benefits

We live in an increasingly stressful world, so it's comforting to know that you're covered for a wide range of stress-related and psychiatric benefits. You will enjoy full cover for up to 100 days per year for hospital care. In addition, you will have 91 days in-patient cover over 5 years for treatment of alcohol and substance abuse.

Convalescence cover

To speed recovery after your stay in hospital, we will give you €30 per day for up to 14 days convalescence on our list of approved convalescence homes.

Cancer Support Benefit

To help you with expenses for accommodation costs incurred when travelling 50km or more to receive in-patient or day case chemotherapy and radiotherapy, we will give you back up to €100 per day, up to a maximum of €1,500 per year.

Maternity cover that does more

We know that your maternity experience does not start and end with your hospital cover. This is why we have developed a comprehensive range of benefits that you can use right from the start of your pregnancy, through to when you bring your baby home.

So you can look after the important part and we'll take care of the rest with:

- Full cover for up to 3 nights in a public hospital
- Generous contribution of €3,000 if you choose to go to a private hospital or have a home birth
- Money back on your pre and post-natal visits
- Contribution towards consultant delivery fees
- New borns go free until the renewal after their first birthday

Aviva goes further than any other insurer by giving you access to a variety of exclusive maternity benefits that are provided to you as an Aviva member over and above your plan benefits. Benefits include:

- 4D scans.
- Cord blood stem cell preservation.
- Post-natal home help.
- Member discounts at U Mamma and MTC.

Making sure you stay healthy

Life is busy when you have a family to look after so it's important that your plan gives you all the benefits you need to look after your health.

Please Note: On **Level 1 Everyday** we will add €1 to the amount of your claim and deduct an excess of €1. This has no effect on the amount that we pay you, and is carried out purely for regulatory reasons. On **Level 1 Hospital** all out patient claims are subject to an excess of €150 for an individual and €250 where there are two or more people on the policy. For information on how to calculate your excess visit www.avivahealth.ie.

1. Health Screen are not subject to an out patient excess.

Member benefits

What your member benefits offer

When you become a member of Aviva, you not only gain access to all the great benefits on your plan but you also get to avail of an excellent range of money-saving Aviva health member benefits from providers such as Smiles Dental clinics and Allen Carr Easyway to Stop Smoking clinics. On the opposite page you will find a list of your Aviva health member benefits and how to use them.

Cervical Cancer Vaccination	We were the first insurer to contribute to the cervical cancer vaccination and are committed to ensuring that we continually bring you the best contributions and even greater access to this benefit. We offer you a €150 contribution towards the vaccination at Point of Care Health Services.
Health Screening	We offer you a choice of health screens from simple health checks to more extensive consultations to help you manage your health needs. Health screening can provide you with early awareness of potential health problems and help you identify small changes to your lifestyle which can make a big difference to your health. Save on health screens at Charter Medical Group and EHA centres.
Dental	<p>We are now covering a wide range of teeth whitening treatments in association with Smiles and Town Dental Clinics. This exclusive arrangement means that all you have to do is choose the type of treatment you want. The initial consultation and dental examination by a dental surgeon is provided free. A quick test is also done to see how responsive your teeth are to whitening.</p> <p>As a health member with Aviva you can now receive up to 20% back on the cost of orthodontic treatments at Smiles Orthodontics. This exclusive new benefit is available to all Aviva members and is just another example of how Aviva is looking out for you.</p>
Fitsquad	Fitsquad is an outdoor group fitness programme for men and women. Fitsquad aims to motivate you as an individual, helping you achieve your goals and making every class interactive and fun while getting results every time. Aviva members will get an exclusive 10% discount when you sign up with Fitsquad for every 8 week session.
Laser Eye Surgery	Another great benefit included in your plan is laser eye surgery. Optical Express is one of the leading technological innovators in the world offering both LASIK and LASEK treatments. As a health member with Aviva you can receive a 22.5% discount on the total cost of your treatment at Optical Express.
Stop Smoking	Aviva is delighted to be the first and only health insurer to offer members access to the Allen Carr Easyway to Stop Smoking programme. We have teamed up with Allen Carr to give you one of the most successful smoking cessation programmes so you can improve your health and give up smoking for good!

The good news is there are no waiting periods on member benefits so you can start using these benefits as soon as you become a member, whether you have had health insurance or not. So what are you waiting for?

Afraid of waiting periods?

We get lots of questions on this as it may seem a little confusing but we have tried to make it easier for you. Just pick the box(es) below that is most suited to you.

<p>1 Switching to us from a different provider?</p>	<p>Once you have served your initial waiting periods with your previous insurer you do not have to re-serve them with us. The same applies to pre-existing condition waiting periods.</p>
<p>2 Switching and upgrading your level of cover?</p>	<p>You will need to wait 2 years to access your enhanced benefits for a medical condition which you have at the time of upgrading (5 years if you're over 65). However, this won't apply to the benefits that you were covered for on your previous plan.</p>
<p>3 I haven't had health insurance for a while?</p>	<p>If you have had a break in cover of less than 13 weeks then you should join straight away as you won't be subject to any new initial waiting periods. If your break in cover has been more than 13 weeks then you do need to re-serve waiting periods. The waiting periods that you must re-serve will depend on your age on joining Aviva. Have a look at the table opposite to find out which waiting periods apply to you.</p>
<p>4 I have never had health insurance?</p>	<p>It's never too late to start! You may have to serve initial and pre-existing waiting periods, so why not start now? The waiting periods that you will have to serve will depend on your age on joining Aviva. Have a look at the table opposite to find out which waiting periods apply to you.</p>

Waiting periods for those new to health insurance					
Your age on joining	Accident or injury	New conditions	Pre-existing conditions	Maternity ¹	Out patient benefits ²
<55 years	Immediately	26 weeks	5 years	1 year	Immediately
55~59 years	Immediately	52 weeks	7 years	1 year	1 year
60~64 years	Immediately	52 weeks	10 years	1 year	1 year
65+ years	Immediately	104 weeks	10 years	1 year	2 years

1. There is a waiting period of 42 weeks for post-natal home help, cord blood stem cell preservation, Doula, breastfeeding consultancy and partner benefit.
2. Out patient waiting periods apply to health screens, PET and PET-CT scans. In the case of maternity benefits, you will have to wait 1 year to access enhanced benefits.
